

On June 28th Prove You Are A Loyal American

Will you greet the Fourth of July with a free conscience? Or will you spend the Fourth in shame-faced guilt?

June 28th has been set as National War Savings Day. Your country expects you on that day to pledge every penny you can, up to \$1,000, toward the purchase of War Savings Stamps.

The price of American citizenship is no longer cheap. The crash of war has ground all semblance of cheapness out of being an American. It is now a dear-bought honor. You must pay.

On June 28th Your Country Asks You to Balance Your Patriotic Cash Account

Every penny you withhold, that you are able to give, extends aid and comfort to the enemy.

No sordid legal summons will, for the present, compel payment. You are called to payment by the higher, more chivalric summons to volunteer on June 28th your pledge to purchase this year every dollar's worth of War Savings Stamps you can buy.

It looks now like the contributions will run over \$12,300 or 30 percent over our quota. There are some 3000 contributors. This makes a good showing for this chapter. Every member of it should feel proud of what has been accomplished.

I am very grateful to those who worked so faithfully with me to make this a success and thereby do all that could be done to shorten the war and to provide for the comfort and necessities for the boys over in France.

JUNE 28th is National War Savings Day. Get your change ready to invest in some more Baby Bonds. It is a safe investment for you and will help the Government, too, in this trying time, and that's what is asked for.

Simply because we buy a Liberty Bond or some Thrift Stamps—that's an investment and won't prove our Loyalty. If we don't give to the Red Cross and the other good causes along that line there is something the matter with us, and be sure, Uncle Sam will find us out, too.

Summer's Coming Again

Realizing that in these strenuous days, when the air is charged with anxiety and fear, our hours of rest are shortened and our nerve-shattered bodies are being spurred on to do bigger things, it is more than ever imperative to shut off steam, tone up and overhaul the human machine if we are to keep physically fit and mentally well-balanced. Thousands of folks are already building air castles and picturing in their dreams the good times they are going to have on their health—rest—pleasure trip this summer. . . . How about you? Name it and it's yours—the very kind of a vacation you want—and your choice of scenic Colorado, the National Parks, Big Horn Mountains, Buffalo Bill Country, Black Hills, Salt Lake City, North Pacific Coast, California—anywhere West.

Come in and let me help you plan.
